INDEPENDENT AUDITORS' REPORT

To the Board of Directors,
Youth Empowerment Project
New Orleans, Louisiana

Report on the Financial Statement

I have audited the accompanying financial statements of Youth Empowerment Project (a non-profit organization) (the Organization) which comprise the statement of financial position as of June 30, 2018 and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Youth Empowerment Project as of June 30, 2018 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated December 20, 2018 on my consideration of Youth Empowerment Project internal control over financial reporting and my test of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Youth Empowerment Project's internal control over financial reporting and compliance.

Emphasis of Matter

As described in Note 2 of the financial statements, in 2018, the Youth Empowerment Project adopted ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*. My opinion is not modified with respect to this matter.

YOUTH EMPOWERMENT PROJECT
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 1 – NATURE OF ACTIVITIES

Organizational History

The Youth Empowerment Project (YEP) is a 501(c)(3) non-profit organization that is based in New Orleans, LA. When YEP's founders started the organization in 2004, YEP was established as the first ever re-entry program for juvenile offenders in the state of Louisiana. Today, 14 years later, YEP is the largest and most comprehensive agency focused on serving at-risk, court-involved and out-of-school New Orleans youth.

Since our inception, YEP has earned local, statewide, national and international recognition for being at the cutting edge of innovative and impactful programs for vulnerable and underserved youth. We have grown significantly since our founding in 2004 and we have steadily secured new funding relationships; added community partnerships; and increased the number of youth we serve. In our first year of operation, YEP had one program; served 25 youth; and had an annual budget of \$235,000. Currently, we operate multiple programs divided across four main focus areas: Mentoring/Youth Advocacy (YEP Mentors); Enrichment Services (YEP Enriches); Adult Education/Post-Secondary Transition Services (YEP Educates); and Employment Readiness and Placement Services (YEP Works). YEP's 2018-2019 Organizational Budget is \$3.9 million.

Who We Serve

Through our programs, the Youth Empowerment Project reaches over 1,200 New Orleans youth between the ages of 7-24 each year. The vast majority of young people served reside in neighborhoods negatively impacted by poverty, crime, unemployment and violence. And, many YEP youth live in households that are struggling to cover the costs of basic needs (food, clothing and shelter) and have been personally touched by violence. During the most recent fiscal year, 93% of young people served by YEP were African American, 80% of participants indicated they had an annual income of less than \$20,000 and 59% resided in female headed households.

What We Do

There remains a shortage of programming in New Orleans for our city's most vulnerable youth. YEP plays a unique and critical role in addressing this gap by being one of the only youth development organizations that provides comprehensive services to at-risk, out-of-school and court-involved young people between the ages of 7-24. All of YEP community based services are offered to eligible young people completely free of charge. YEP addresses key challenges and barriers to success that impact vulnerable youth through the following four areas of service:

YOUTH EMPOWERMENT PROJECT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

- YEP Mentors – providing at-risk young people with intensive, community-based mentoring and supportive services that include:
 1. Juvenile Justice Mentoring – offering intensive, individualized mentoring and supportive services to youth and their families to help support young people who are at various levels of involvement with the juvenile justice system. YEP has operated its Juvenile Justice Mentoring programming in partnership with the Louisiana Office of Juvenile Justice for the past 14 years.
 2. Community-Based Prevention – supporting youth ages 8-17 referred by the Families In Need of Services (FINS) program in St. Charles and Orleans Parish by providing youth with mentoring, tutoring, counseling and other wrap-around services.
 3. Community-Based Mentoring – supporting youth ages 8-16 who are not court-involved but are at-risk for delinquent behavior by providing them with mentoring, enrichment programming, counseling and other wrap-around services.

- YEP Enriches – providing children with an array of programs during out-of-school time that include:
 1. Afterschool Program – providing youth ages 7-18 with academic support, group activities, art and music classes, a variety of fun and educational field trips, assistance with basic needs, and individualized mentoring services.
 2. Summer Camp – providing youth ages 7-12 with a fun, six-week educational and engaging summer camp experience.
 3. Camp Mariposa – providing overnight camping trips to children between the ages of 9-12 who are impacted by substance abuse in their families with six weekend camping trips a year and ongoing supplemental mentoring activities through the year.

- YEP Educates – providing individuals 16 and older with high school equivalency (HiSET) instruction, wrap-around supportive services and assistance with postsecondary enrollment and retention. YEP operates:
 1. NOPLAY – the largest adult education program in New Orleans that specializes in providing high school equivalency and adult basic education services to out-of-school youth (ages 16-24). NOPLAY is one of only five programs in New Orleans recognized by the State of Louisiana as an official provider of adult education services.
 2. The Village – a self-contained, structured class that provides a targeted group of youth ages 16-21 with daily high school equivalency instruction, intensive mentoring, individualized services plans, civic engagement opportunities and enrichment programming.

- YEP Works – providing young people 16-24 with critical hard and soft skills through YEP's Work & Learn Center (W&L) that offers participants educational stipends while they receive soft skill instruction and training in customer service, bicycle repair or creative digital media. YEP's W&L also provides young people with externships and employment placement support. YEP Works programming includes:

1. Trafigura Work & Learn Center – a youth employment program that is comprised of several “youth-run businesses” where youth ages 16-24 earn stipends and learn valuable employment readiness skills.

Some of YEPs recent accomplishments that highlight the impact we have had on underserved youth in New Orleans include:

- During the 2017-2018 fiscal year, overall, 95% of YEP participants were satisfied with YEP programs, 95% said YEP gave them a better sense of community, and 91% said YEP helped them have hope for a positive future.
- YEP’s 2018 Summer Camp served 85 youth. 100 percent of parents surveyed reported that camp had a positive influence on their child. Ninety-one (91) percent of campers increased their skills in at least one content area (i.e. swimming, yoga, karate or ballet).
- During the 2017-18 fiscal year, YEP served 86 young people through our Afterschool Program. Ninety-one (91) percent of the participants indicated they were satisfied with the program.
- Camp Mariposa conducted six camping weekends and served 46 young people during the 2017-2018 fiscal year. Seventy-three (73) percent of participants demonstrated an increase in their knowledge of strategies to avoid substance use or abuse.
- During fiscal year 2017-2018, 128 students successfully completed YEP’s Work and Learn Center programming. Of those, 74 (or 58%), moved into workforce development opportunities.
- Forty-two (42) adult education students earned their HiSET (formerly the GED) through YEP Educates in the 2017-2018 fiscal year.
- YEP’s Post-Secondary Transition Coordinator helped 63 YEP participants enroll into postsecondary education in the 2017-2018 fiscal year (including 2- and 4-year colleges and universities and technical and vocational training programs).
- YEP was the first US organization selected by the International Youth Foundation (IYF) for an exchange that provided 19 young people and staff with a transformational peer-learning exchange trip to Brazil in August 2018.
- In April 2018, YEP received the Allstate Youth Empowerment Award, a national honor presented to one organization annually by The Atlantic Magazine and Allstate Insurance to recognize a local organization driving positive change in its community. There were over 3,000 nominees for the award this year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, revenues are recognized when earned and expenses are recorded when incurred. Contributions are recognized when received or unconditionally promised.

YOUTH EMPOWERMENT PROJECT
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

Basis of presentation – The financial statements of YEP have been prepared in accordance with U.S. generally accepted accounting principles (“US GAAP”), which require YEP to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of YEPs management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of YEP or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Uncertain Tax Positions - YEP recognizes the financial impact of a tax position when it is more likely than not that the position will be sustained upon examination. As of June 30, 2018, YEP did not have any uncertain tax positions. Tax years ended June 30, 2015 and later remain subject to examination by taxing authorities.

Subsequent Events - Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through December 20, 2018, which is the date the financial statements were available to be issued.

Contributions - Contributions received are recorded as without donor restrictions or with donor restrictions, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Cash and Cash equivalents - For purposes of the statement of cash flows, YEP considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

YOUTH EMPOWERMENT PROJECT
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

YEP maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. YEP has not experienced any losses in such accounts. YEP believes it is not exposed to any significant credit risk on cash and cash equivalents.

As of June 30, 2018, cash and cash equivalents included \$104,879 of cash received and held for restricted purposes.

Fixed assets - All expenditures for leasehold improvements and equipment are capitalized. Depreciation on property and improvements is provided by using the straight-line method over the estimated life of 39 years. Depreciation on equipment is provided by using the straight-line and the declining-balance method over the estimated useful lives of 5 to 7 years.

Income taxes - YEP is a non-profit corporation organized under the laws of the State of Louisiana. It is exempt from Federal income tax under Section 501(c) (3) of the Internal Revenue Code of 1986, and qualifies as an organization that is not a private foundation as defined in Section 509(a) of the Code. It is exempt from Louisiana income tax under the authority of R.S. 47:121(5).

Functional Expenses - The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include depreciation, interest and office and occupancy, which are allocated on a square-footage basis, as well as salaries and benefits, which are allocated on the basis of estimates of time and effort.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

In - Kind Support - YEP occupies classroom space in the New Orleans Adult Learning Center in New Orleans, Louisiana for youth classes throughout the fiscal year. No rent is paid by YEP. No amounts have been recognized in the accompanying statement of activities because no criteria for recognition of such in-kind support has been satisfied under FASB ASC 958. The in-kind support of the New Orleans Adult Learning Center includes the use of the facility and all costs and expenses associated with the use of the facility by YEP for any and all classes scheduled by it. The amount of the support is not readily determinable on an annual basis.

YOUTH EMPOWERMENT PROJECT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018

YEP also occupies classroom space in the Arthur Monday Multi-Purpose Center in New Orleans, Louisiana for youth classes throughout the fiscal year. No rent is paid by YEP. No amounts have been recognized in the accompanying statement of activities because no criteria for recognition of such in-kind support has been satisfied under FASB ASC 958. The in-kind support provided by the Arthur Monday Multi-Purpose Center includes the use of the facility and all costs and expenses associated with the use of the facility by YEP for any and all classes scheduled by it. The amount of the support is not readily determinable on an annual basis.

New Accounting Pronouncement – On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources and the lack of consistency in the type of information provided about expenses and investment return. YEP has adjusted the presentation of these statements accordingly.

NOTE 3 – UNCONDITIONAL PROMISES TO GIVE:

During the year YEP entered into contracts representing unconditional promises to give as follows:

Various grant agreements were established during the year in which \$2,584,678 was awarded. At June 30, 2018 funds of \$1,529,459 have been received which includes \$746,595 from prior years.

Unconditional promises to give at June 30, 2018 and expected to be collected in the future total \$1,576,446.

NOTE 4 – REIMBURSEMENTS RECEIVABLE

YEP has incurred expenses related to providing services to court-involved, at-risk, and out of school youths at June 30, 2018 in excess of contract fees for services received at that date. A receivable has been recorded on these cases for the excess expenses as follows:

YOUTH EMPOWERMENT PROJECT
NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018

NOTE 10 – EMPLOYEE PENSION PLAN

YEP adopted a 403b that is available to all eligible employees. YEP has elected to match contributions of up to 50% of 5% of employee's elective deferral for 2017 – 2018 compensation for each participating employee. YEP's obligation for contributions to the plan as of June 30, 2018 was \$20,338 which consisted entirely of the YEP's employer matching contribution.

NOTE 11 – DONATED SERVICES

The value of donated volunteer services is not reflected in the accompanying financial statements since there is no objective basis available by which to measure the value of such services. However, several volunteers have donated significant amounts of their time in the YEP program service area.

NOTE 12 – FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supported services benefited.

NOTE 13 – CREDIT RISK CONCENTRATION AND MAJOR FUNDING SOURCES

YEP receives grants and contracts for services from the public and foundations which comprises the majority of its revenue.

YEP maintains its cash equivalents in financial institutions in Louisiana. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. On June 30, 2018 YEP had cash balances in excess of FDIC insured limits. The cash balances, at times, may exceed federally insured limits. YEP has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash.

NOTE 14 – LITIGATION AND CLAIMS

There is no pending litigation against YEP at June 30, 2018. Furthermore, the management of YEP believes that any potential lawsuits would be adequately covered by insurance.

NOTE 15 – BOARD OF DIRECTORS' COMPENSATION

The Board of Directors is a voluntary board; therefore, no compensation has been paid to any member.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors,
Youth Empowerment Project
New Orleans, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Youth Empowerment Project (the Company)(a nonprofit organization), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued my report thereon dated December 20, 2018.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Company's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I do not express an opinion on the effectiveness of the Company's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Company's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
